

ENVIRONMENTAL POLICY STATEMENT

Dalcour Maclaren provides utility and infrastructure companies with specialist property advice, for network projects and properties. With a reputation for professionalism and innovation, the company delivers cost-effective yet high quality solutions to all our clients.

Protection of the environment in which we live and operate is part of Dalcour Maclaren's values and principles and we consider it to be sound business practice. Care for the environment is one of our key responsibilities and an important part of the way in which we do business.

In this policy statement we commit our company to:

- Complying with all relevant environmental legislation and regulations
- Protecting the environment by preventing and minimising our contribution to pollution of land, air, and water;
- Keeping wastage to a minimum and maximising the efficient use of materials resources, and energy;
- Managing and disposing of all waste in a responsible manner;
- Setting company environmental objectives and targets annually and reviewing progress quarterly.
- Providing training for our staff so that we all work in accordance with this policy and within an environmentally aware culture,
- Advising our clients on courses of action commensurate with their instruction to us, with all relevant legislation, and with the best practicable environmental outcomes.
- Ensuring that contractors working on our behalf operate in accordance with our stipulation of good environmental practice.
- Regularly communicating our environmental performance to our employees and other significant stakeholders;
- Developing our management processes to ensure that environmental factors are considered during planning and implementation;
- Monitoring and continually improving our environmental performance.

The Directors of Dalcour Maclaren review this policy on an annual basis and update it as necessary. The whole management team endorse this policy statement and is fully committed to its implementation
